

MPMS Tutor/Mentor Interest Form

Looking for a way to get involved? Wondering how you can make a positive impact on a child's life? One of the ways you can make a difference is through tutoring and mentoring. Tutoring and mentoring students that may need some additional support not only improves their academic performance and chances of going to college, but also contributes to their overall well-being, and the well-being of the community.

Three years ago, we began a very successful tutor/mentor program at MPMS. We are planning to continue the program this year beginning in late September. We are seeking Math and Reading tutors/mentors who are willing to give *at least one hour a week* of their time *during the school day*. In order to create stability for the classroom teachers and students it is important that the tutor/mentor relationship be sustained for a period of time. We are seeking a year-long commitment. It will be possible to share your commitment with another tutor/mentor.

Qualifications for Math –

- Knowledge of math concepts through Algebra I – Ex: computations and solving problems with rational numbers (fractions, decimals, percentages, exponents, roots, and negative numbers)
- *Examples of what you might be asked to do:* work on one-on-one or in small groups with students on basic math facts, basic fraction operations, decimals, homework help, test corrections, flash cards, integer operations, etc.

Qualifications for Reading -

- Knowledge of basic reading skills – Ex: phonics, fluency, comprehension, and high-frequency vocabulary
- *Examples of what you might be asked to do:* work one-on-one or in small groups with students on reading speed, read aloud, reading passages with questions, vocabulary flashcards, etc.

If you are interested in volunteering your time, please complete the information below and return it to Ms. Summerfield. You will be contacted in the coming weeks. If you have any questions, please email Ms. Summerfield at ssummerfield@wcpss.net.
